# GENERAL INFORMATION

## HISTORY

The Holston Annual Conference of 1836 was entertained in Weaverville, North Carolina, in a frame building especially constructed for that occasion. This building stood on a slope below the present cemetery. It was known as the "Conference House" and was used for a neighborhood school until 1854, when it was destroyed by fire.

At that time the "Sons of Temperance," in their nation-wide activity, held meetings in North Carolina. It is said that an Ohio man preached all day and that practically all the prominent planters of the country joined his organization. It is related of one well-known man, whose relatives are still prominent people in the neighborhood, that he went home that evening and broke on a stone in the yard the various cut glass decanters which had held for years the different kinds of strong drink on his sideboard, and that he never afterwards used liquor as a beverage.

Some disagreement arose in the local church in regard to the meetings of the "Sons of Temperance," some of the members believing that the church should not be used for that purpose. The disagreement was so sharp that several old-time Methodists moved their memberships to the Methodist Protestant church, and a little later a separate building known as Temperance Hall was constructed. The school was carried on in this Hall until it too was burned in 1872. It stood on the other ridge near where Crutchfield Hall now stands. This also was a frame structure.

The section of country benefited by the Weaverville school felt so strongly the need of an educational institution that efforts were put forward at once to build a structure and to extend the work of the institution. The local community was largely responsible for this successful effort. Brick was burned on the place, and a well-proportioned and substantial building, containing six spacious rooms and two large halls, was erected. The institution was in 1872 incorporated as Weaverville College under a local Board of Trustees, independent of any denomination. The first president was Dr. J. A. Reagan. He was followed in order by J. M. Campbell, Rev. J. S. Kennedy, D. D., E. M. Goolsby, Rev. D. Atkins, D. D., S. A. Trawick, M. A. Yost, A. M., Rev. George F. Kirby, J. M. Robeson, Rev. L. B. Abernathy, Olin S. Dean, A. B., Rev. W. A. Newell, D. S. Hogg, A. B., A. M. Norton, A. M., C. H. Trowbridge, A. M. Under the administration of Dr. D. Atkins in 1883, the college was deeded to the Methodist Episcopal Church, South.

In 1912 the charter was amended to change the name to Weaver College, and to make the institution a junior college doing two years of college work.

## LOCATION

**WEAVERVILLE.**—Weaver College is located in Weaverville, a village of about twelve hundred inhabitants, eight miles north of Asheville, North Carolina. It is said that the Indian name for the ridge on which it stands was Dry Ridge because before historic times it was recognized that the configuration of the mountains freed this particular spot from much of the precipitation common in Western North Carolina. In the very heart of the Asheville plateau, Weaver College has a climate unsurpassed anywhere for healthfulness and comfort. The village stands on an elevated section of the country, but it is surrounded on all sides by lofty mountains. The beauty of the sunsets is indescribable.

Weaverville is an old, cultured college town. The people are thoroughly interested in the College and in their churches and their own High School. The hard surfaced road puts them within twenty minutes of Asheville by automobile, and a considerable portion of the people spend their business hours in the city. The rare combination of quiet college town in the great health resort of the South, within easy access of the musical and other advantages of one of the most thriving cities of the state is of very great value.

**ASHEVILLE ATTRACTIONS.**—The close proximity to Asheville and the fact that a hard surfaced road connects the town of Weaverville with that city, makes it possible for students of Weaver College to enjoy the best entertainments that come to this well-known metropolis. During the month of August those students who are in Summer School have the privilege of attending performances of grand opera given by one of the leading companies giving grand opera to-day. Also, among the outstanding Asheville programs which have been enjoyed by special parties of Weaver College students may be mentioned Marion Talley, Edgar A. Guest, Paul Whitman's Orchestra, Jeritza, Geraldine Farrar, William Faversham, "Blossom Time," Galli-Curci; Paderewski, Schumann-Heink, Carolina Playmakers, Duke University Glee Club, nationally known politicians and preachers, innumerable conventions, and a choice selection of the world's best photoplays.

**THE ASHEVILLE PLATEAU.**—It is well known that the highest peaks of eastern America are in this immediate section. Mt. Mitchell, 6,711 feet high, has no peer east of the Mississippi River.

It can be visited in an automobile between breakfast and supper, as can such famous places as Mt. Pisgah, Chimney Rock, Craggy, the Vanderbilt estate, and numerous other points of interest.

Classes attend court; individuals and groups see prominent visitors, attend athletic and forensic contests, hear great preachers, visit industrial plants.

## MOVING TO WEAVERVILLE

Weaverville has four churches and an excellent high school in addition to the advantages provided by Weaver College. It makes an ideal home for the family in which children are growing up. Its own progressiveness and the proximity of Asheville provide good opportunities for lucrative employment.

Weaverville has concrete paving on most of its streets including three which touch the college campus. It has an adequate sewer system and an abundant water supply from its own water sheds. It is connected with Asheville by telephone and electric light lines. Busses run every hour in each direction between Asheville and Weaverville.

The College will gladly correspond with people who wish to move to a college town, as there are often opportunities to buy or rent property at reasonable rates.

## RECOGNITION

Weaver College is a member of the North Carolina College Conference and of the American Association of Junior Colleges. Its credits are recognized by the North Carolina Board of Public Instruction and by all colleges and universities to which its graduates go. Graduates in the Education Course receive the C-Class North Carolina Teachers Certificate without further examination or study.

## PROPERTY

### THE CAMPUS

The campus has grown by donations and purchase to include fifty-five acres of lawns, forest, gardens, pastures, and lake. Some \$10,000 worth of land has been purchased since the Centenary contributions began to come in.

**LAKE LOUISE.**—In 1921 Mrs. C. R. Moore, now Mrs. C. E. Hornaday, donated to the College about twenty acres including Lake Juanita, which name has since been changed to Lake Louise in honor of the donor. The lake furnishes opportunity for fishing, boating, and bathing when suitable supervision is available. A large concrete swimming pool on the campus is very popular in season.

### DUNHAM FIELD

In 1921 the athletic field was constructed largely through the generosity of Mr. H. A. Dunham, of Asheville. The cost of grading was approximately \$3,000. Dunham Field provides for football and baseball. Tennis and basketball courts find space elsewhere on the campus. In 1926 Dunham Field was enlarged and a substantial grandstand was constructed, the cost being provided by the Alumni Association. Since that time improvements have been added.

### BUILDINGS

**ADMINISTRATION BUILDINGS.**—The architecturally good brick building constructed in 1874 was outgrown in twenty years, and its capacity was more than doubled in 1895. The addition contains a large and attractive chapel, three good classrooms, a science laboratory, and a storeroom for chemicals, apparatus, and library pamphlets. The original building contains the library, class rooms, the offices, the bookroom, quarters for the commercial department, and two society halls which have been used for the forensic training of generations of boys.

**THE "WHITE HOUSE."**—A substantial frame building was erected in 1886 for the use of the President. It is a two-story house with nine rooms and bath. The growth of the student body has drafted it for dormitory purposes. It is occupied by teachers and women students.

**CRUTCHFIELD HALL** was constructed in 1908 and named as a memorial to Rev. George W. Crutchfield, whose persistent efforts to secure funds made the building possible. Mr. Crutch-

field was pastor of the Weaverville station, and he probably broke his health in the arduous labors connected with the raising of money for this building.

In 1922 steam heat was installed in Crutchfield Hall. It has hot and cold water on each floor and is always comfortable, as the furnace is designed for a larger building.

SKINNER HALL.—In 1922 Mr. D. E. Skinner, of the class of '87, contributed \$25,000 for the erection of the boys' dormitory. This was supplemented by \$20,000 from the Centenary contribution, and Skinner Hall is the result. It has hard wood floors throughout, steam heat, and is equipped with hot and cold water in lavatories and showers, and with all modern conveniences, including a telephone.

The site selected for Skinner Hall is the northwest corner of the old Reems Creek Camp Ground, one of the historic localities of Western North Carolina. It is said Bishop Asbury preached on this spot. His Journal names repeated visits to the Killian home between Weaverville and Asheville, between 1800 and 1813. The old camp meeting arbor fell under a heavy load of snow in 1893. A seat still remains around the tree which sheltered the speaker's stand, and a few trees, probably living in Asbury's time, are still standing in that part of the campus.

COTTAGES.—In addition to the three dormitories and the Administration Building, there are two frame cottages on the place. A residence just off the campus is rented as a president's home.

## THE LIBRARY

The library contains about 5,000 volumes, most of which are modern works dealing with the various departments operated in the college. Many of these books, however, are very rare copies, some of them containing autographs of famous men. These books are shelved in the original chapel of the old building, a light, airy room 50x29 feet, where the books are easily accessible. They have been catalogued according to the Dewey Decimal system. Additional books and periodicals are constantly being received.

## LABORATORIES

SCIENCE.—The science laboratory occupies one of the largest rooms in the Administration Building and is well designed for work in chemistry. New equipment and material are being obtained as there is a call for it, and the science department is especially well equipped for its work.

HOME ECONOMICS.—The class in Foods uses the Reliable gas range with Pyrofax gas, though instruction and practice are provided in the operation of coal ranges. The New Home sewing machine is used by students in clothing.

## PRIZES

The following medals are offered:

The Orator's medal, by C. F. Bland of Hendersonville, for the best Junior or Senior oration; the Deaderick medal for Declamation; the Lina Brown medal for Reading, by O. D. Brown; the Housekeeper's medal, to the best housekeeper among the girls in the boarding department, given by Mrs. H. B. Weaver, of Asheville; the Laura Reeves medal, to the best all-round girl student, by Mrs. Gay Green, of Asheville, in memory of her mother; and the Benefactor's medal, to the student who does most for Weaver College during the year. The recipients of the Laura Reeves and the Benefactor's medals are determined by the Faculty. General influence and helpfulness, college spirit, and student activities, as well as scholarship, are to be considered in the award of the Laura Reeves medal.

In addition to the above mentioned medals, the Cliosophic and Delphian societies offer to their students respectively, medals for improvement in debate, for improvement in declamation, for participation in the Junior Debate, and for supremacy in the Day Debates or such of these contests as may occur. Friends of the Mnemosynean and Euterpean Societies provide medals for excellence in debate and in composition.

## ALUMNI

The graduates of Weaver College have always been loyal, helping particularly with athletics and forensics. Since the re-organization of the Association in the fall of 1923, unusual interest has been shown. Rev. C. M. Pickens, '89, has been president since 1923.

## DONATIONS

It is impossible to list all donations to Weaver Collage, but a partial list is inserted to do justice to the benefactors, as far as possible. It is hoped that the incompleteness of this list may lead to the acquisition of further information concerning gifts to the institution.

LAND.—Mr. Mont Weaver donated five acres on which the original brick building was erected in 1873 and 1874. Later

Captain W. E. Weaver, of Weaverville, and Mr. D. E. Skinner, of Seattle, Washington, have added to the campus without cost to the College. Mrs. Charles R. Moore donated twenty acres of land, including beautiful Lake Louise. The Centenary fund paid for other portions of the property.

**BUILDINGS.**—The original Administration Building was paid for, chiefly, by residents of Weaverville. Crutchfield Hall was built from funds secured in a strenuous campaign throughout Western North Carolina by Rev. G. W. Crutchfield. The nucleus of the fund which paid for Skinner Hall was \$25,000 donated by D. E. Skinner. This was supplemented by the Centenary and Christian Education funds, subscribed to by hundreds of loyal alumni and friends.

**IMPROVEMENTS.**—The construction of Dunham Athletic Field, the roofing of the Administration Building, the renovation of the frame dormitory, and innumerable smaller improvements have come from Mr. H. A. Dunham. Mr. H. C. Johnson, of Asheville, has aided greatly by graveling the roads to and through the campus. The Charles W. Byrd Sunday School Class of Central Methodist Church, Asheville, furnished the living room in the girls' dormitory. This building has been redecorated and its living room has been refurnished completely. A new hot water plant and well designed fire escapes have been installed. Kilvinator and other kitchen equipment was added in 1929-'30. The swimming pool was made available in 1930 by Fred Lyda, '31, with the help of other Weaverville people. The curtain in the chapel was donated by the Class of '31 under the leadership of A. J. Clemmer, Jr.

**PLANTS**—Contributions of shrubs and decorative plants have been made by Mrs. T. Allison, of Horseshoe, N. C., Miss M. A. Pearsall, of Rocky Mount, N. C., Mrs. Maymie C. Hardin and Mrs. W. R. Wells, of Forest City, N. C., Congressman Zebulon Weaver, Miss Lucy Reeves, Marshall, N. C., Dr. Dan Atkins, Mrs. W. B. Weaver, Mr. Silas Izant, and many other Weaverville people. Mr. H. L. Morris and Mrs. Oscar McLurd have donated many plants and shrubs and much valuable time and advice to the beautification of the campus. The labor of setting out the plants has been done gratuitously, in large part, by College students,

The College Seniors of 1929 created an extensive rock garden between the Administration Building and Crutchfield Hall. The High School Senior class of the same year constructed a concrete aquarium and stocked it with goldfish and water plants. Both

classes were assisted enthusiastically by friends in the neighborhood.

**SERVICES.**—The amount of valuable time contributed by members of the Board of Trustees and other friends is incalculable. Among the most liberal in recent years might be mentioned Rev. G. W. Crutchfield, Frank M. Weaver, Charles R. Moore, H. A. Dunham, C. W. Brown, Rev. C. M. Pickens, E. R. Presson, C. A. Reap, Dr. J. N. Gill, W. W. Shope, J. V. Erskine, and a large number of Methodist preachers and of former students of the College.

**BOOKS.**—Recent additions to the Library by gift or by loan have come from Rev. H. C. Sprinkle; the Asheville Y. M. C. A.; Greensboro College; Lamar and Barton, Nashville, Tenn.; from Joseph H. Wehling, Emory Lyda, Rev. O. E. Croy, John C. Vernon, Howard L. Wells and Miss Eula English, while students of the College; from Dean W. E. Powell, Dr. Beulah B. Briley, Prof. G. A. Clauss, Mrs. S. K. Henderson, Miss Lucile Smith, Dean J. R. Duncan, Miss Mildred Kerr, and President C. H. Trowbridge, of the Faculty; the Cliosophic and Delphian Literary Societies; Miss Fannie Bame, Charlotte, N. C., Mrs. J. A. Trowbridge, Brevard, N. C.; The American Chemical Society; Dr. Gilbert T. Rowe, Nashville, Tenn.; Mrs. Thos. O. Deaderick; J. H. Burrus; Bethel Home; Doubleday, Page & Company; Henry Holt and Company; Dr. Louis D. Wilson, Chapel Hill, N. C.; Geologic and Economic Survey of North Carolina; Mrs. William N. Collins; Garrett Biblical Institute, Evanston, Ill.; Rev. J. S. Williams, Asheville; J. H. Weaver; Erwin A. Holt, Burlington, N. C., Congressman Zebulon Weaver, Mrs. Elias, of Asheville; John B. Mayo, Richmond, Va.; Mrs. G. C. Oberholzer, Mrs. Margaret Siler, Weaverville; Cokesbury Press Nashville; Mrs. Le Roy, Washington, D. C.; O. B. Jones, Hendersonville, N. C.; History CI class, 1927-'28; D. H. Atkins. Hon. Gallatin Roberts gave a valuable clock to the library. The libraries of Dr. D. Atkins and Rev. E. R. Welch were added and catalogued in 1928-1929. Rev. A. P. Ratledge and Rev. G. C. Brinkham of the W. N. C. Conference and Rev. Lester Weaver, of Arkansas, are among the donors for 1929-1930. The Asheville Chapter U. D. C., Mrs. J. G. Stikeleather, and English SIII class, 1930, were contributors of books in 1931.

**SCHOLARSHIPS.**—Mr. Elias' Bible Class of Central Church, Asheville, has made liberal work scholarship contributions. The Asheville Chapter of the United Daughters of the Confederacy designates the beneficiary of four tuition scholarships, and the Parent-Teachers' Association of the Reems Creek District awards

one for high records in the local school. The Men's Bible Class of Centenary Methodist Church, in Winston-Salem, N. C. has materially assisted one student, and the Asheville District of the Woman's Missionary Society in 1929-1930 met all the expenses of a Japanese girl who was preparing to attend Scarritt College. The Woman's Missionary Society of the Waynesville District is educating here one prospective missionary. The College has for four years awarded an Oriental Scholarship to some Korean man who was getting himself ready for Christian service in his own land.

The Board of Trustees offers a number of scholarships of \$25.00 each to worthy students who earn some part of their expenses. These scholarships are credited on the account for the last quarter as a testimonial of industry and good conduct.

**SUSTENTATION FUND.**—Like all other colleges with vision, Weaver has had financial difficulties. In 1925 the Board found that every year the running expenses created a deficit which was being balanced from the Christian Education Fund. After wisely concluding that this could not continue, they proceeded to secure annuity subscriptions to take care of this deficit. The largest subscribers to this temporary fund were: Mr. Gay Green, Mr. Rufus Weaver, Professor J. J. Reagan, Mrs. W. T. Weaver, Edwin L. Brown, V. R. Patterson, Graham Brown, J. F. Reeves, R. E. Carmichael, S. M. Alsobrook, J. V. Erskine, S. P. Burton, Rev. H. C. Sprinkle, Guy Weaver, C. C. Leonard, Miss Pearl Weaver, C. E. Chambers, H. A. Dunham, H. C. Johnson, W. B. Davis, C. W. Brown, W. M. Reagan, D. E. Skinner, Charles G. Lee, and C. N. Malone.

Most of these subscribers pledged generous amounts for three years with the hope that by that time an Endowment Fund would be providing income.

**DUKE ENDOWMENT FUND.**—In the fall of 1925 Mr. B. N. Duke, of New York City, offered \$50,000 if the College would raise another \$50,000 within two years. Rev. Carlock Hawk was selected to secure this fund, and he worked at it from June to the meeting of the Annual Conference in October, 1926. After Conference H. A. Dunham completed the campaign, and in January, 1927, announced that Mr. Duke's proposition had been met.

The income from this endowment will somewhat more than take care of the deficit in running expenses, and with other stable funds, meets the minimum requirements of the accrediting agencies.

**LOAN FUNDS.**—In 1928, the first income from the Rev. R. W. Pickens Loan Fund became available. This fund has been

created by Rev. C. M. Pickens, President of the Weaver College Alumni Association, in honor of his father.

The General Board of Education of the M. E. Ch., So. holds \$300 to be loaned each year to ministerial or other life service students of Weaver College. This fund is handled by the Treasurer of the General Board of Education.

The College administers more than a thousand dollars of North Carolina Masonic Loan Funds.

In 1930 Mr. W. D. Harris, of Asheville, created a loan fund of \$100.

## ADVANTAGES OF JUNIOR COLLEGE TRAINING

The junior college is growing in popularity and importance throughout the country as its advantages become known. In many sections of the union a large proportion of all college freshmen are being trained in junior colleges. Every year more are being organized, and the time undoubtedly will come when every progressive city of considerable size will give two years of college training to its own children.

The chief reasons for the remarkable growth of the junior college are:

1. Adequate attention can be paid to the development of individual students.

2. Large opportunities for training in leadership are available to Freshman and Sophomores in institutions where there are no third and fourth year college classes. Each student thus has a greater chance to lead in his own particular extra-curricular field

3. Students who will not complete the four-year course are enabled to select a course adapted to their own individual needs, and to take a junior college diploma at the end of two years.

4. Investigation and experience show that graduates of junior colleges hold their own in the classroom and in student activities when they enter the junior class of a four-year college or university. They have, in the average case, been trained at least as well as the university junior, and they have gained in experience from the responsibilities they have carried on in the small college.

## PURPOSE OF WEAVER COLLEGE

Weaver College aims definitely to help certain classes of young people. It does not claim to be the best institution for educating every one, but it recognizes the needs of a large group of worthy and ambitious young people and adapts its curriculum, its regulations, and its expense list to fit their needs.

1. It offers honest Freshman and Sophomores courses leading toward the A. B. degree of an A-grade college or university, fitting students at small expense and in personal contact with their teachers for the junior class in an A-grade college.

2. It offers two years of Business Administration to those who wish to go on with a business administration course in a university, or for those who find that they must enter commercial pursuits after two years of college training. Students are urged wherever possible, however, to complete the four years of college work.

3. The course in Education and Religious Education is provided (a) for those who wish to go on with this line of work in a university; (b) for those who expect to teach or to preach and are unable to go further at present with their studies; (c) for those who expect to become useful members of society in their homes without further college training. In this group also effort is made to induce each one to continue his or her college work in some four-year institution.

4. A strong department of music provides training for those who expect to complete their musical education and for those who plan to train themselves for giving pleasure in the home and service in the church and community. This course encourages students to continue their training, but is adapted also to accomplish the most possible for pupils who spend only two years in college.

5. A General Course, consisting largely of electives, is provided for those young people who, for any reason desire a junior college course of real worth constructed to fit individual needs. This course is independent of tradition; and any student, with the advice of the faculty, can build for himself a curriculum that will make life most worth while for his particular personality. It is not designed as a foundation for further work leading to a degree.

6. Vocational courses in Music, Bookkeeping, Stenography, and Home Economics are provided for those who wish to prepare themselves at once for earning money. These courses are all carried on in a college atmosphere, where one's contacts are educationally broadening. The pupil has the advantage of wholesome and pleasant dormitory life, and the system of payments

quarterly makes it possible for an industrious student to push the work and to cease making payments when the requirements of the course have been met.

All these courses of study are constructed with the idea that a great many of our Southern young people desire to do sincere, hard work in a Christian atmosphere and in pleasant social surroundings where they personally know all the students and teachers, and where the fees are estimated to cover the cost of the comparatively inexpensive Freshmen and Sophomore years without the loading demanded by the vastly more costly Junior and Senior years.

For an outline of these five curricula and of the admission requirements for each, see pages 42-61.

## METHODS

In working out of the aims just mentioned, Weaver College employs an adequate number of teachers thoroughly equipped by training and experience for the work of a junior college. It provides a library and laboratory equipped for junior college needs without the immense expense demanded by extensive research. It provides comfortable dormitories under the supervision of thoughtful and considerate college officials where the students have more freedom and responsibility than is customary in high school life, and still where the necessity for mature judgment on the part of the students is not so great as in the large college or university. It thus furnishes one of the most efficient methods by which a young person with good intentions can adjust himself to the intricate problems connected with the beginning of his life away from home influences.

# PERSONALITY DEVELOPMENT

## COLLEGE ATTITUDE

While almost every college, large and small, is in a position to give intellectual training of a high order, it is universally recognized that the great problem of education is to instill into the motive principles of the young, those personal traits which far more than knowledge alone contribute to happiness and usefulness in life. In an attempt to give some degree of scientific training to those various qualities of heart and habit which cannot effectively be taken care of in the class room, Weaver College teachers give frequent estimates of the impression made upon them individually by their pupils in regard to a number of the elements fundamental to success. After making some study of the questions asked by employment agencies, bonding companies, and vocational guidance advisers, the faculty chooses the following features of human life to receive consideration at their hands in the form of carefully evolved marks in College Attitude.

### ELEMENTS FROM WHICH COLLEGE ATTITUDE GRADE IS MADE UP

1. **MANNERS:** In dormitory, at table, in school, in public; courtesy.
2. **NEATNESS:** Care of room, personal neatness, neatness of clothing.
3. **RESPECT FOR PROPERTY:** Dormitory, campus, Administration Building, personal possessions, property of other individuals.
4. **CO-OPERATION:** With faculty and with student organizations and with individuals; community usefulness; compliance with social regulations.
5. **LEADERSHIP:** In class, and in student activities; foresight; self-control; initiative; attractiveness of disposition; tact.
6. **ATTENDANCE AND PUNCTUALITY:** At meals, college assignments, student activities, Sunday school, and church
7. **DEPENDABLENESS:** Consistency in good recitations, conduct, and work; persistence; business punctuality.
8. **EARNESTNESS:** In study, care of health, student activities; ambition.
9. **INTEGRITY:** Truthfulness, honesty, uprightness in morals.
10. **REVERENCE:** In all religious services; for Sabbath, for Bible, etc.

In making these estimates, teachers mark every student on every element on which they have information, especially remembering to give credit for creditable acts or traits. They omit marks for those pupils whom they do not know, and for those traits of pupils they know, if they have never had opportunity to observe the pupil in the respect under consideration.

The blanks upon which each teacher marks each student in each of these particulars are made accessible to the students after the composite of all marks from all the teachers has been recorded. Each student is thus able to determine what traits of his character seem strong to this group of teachers, and what points in their judgment need his consideration and attention. This grade is called College Attitude, and the students are often more eager to see what impression they are making on their teachers in these essential features than they are to see what their class-room marks are. The responsiveness of the student to this effort on the part of the teachers is very gratifying, for it seems probable that the estimate obtained in this analytical way by a group of teachers is approximately a measure of the impression a student will make upon the people he deals with elsewhere. It comes pretty close to being a measure of that elusive but vitally important thing called Personality.

# STUDENT ACTIVITIES

## GOVERNMENT

The students at Weaver College have not as yet chosen to adopt anything very close to student government. They prefer, for the present at least, to have some member of the faculty responsible for each dormitory and each classroom. They have however, taken over certain parts of the student life for their own responsibilities and, except that the administration of the College reserves the right to veto any action of any unit of the College or to take over any disciplinary responsibility at any time, these organizations handle their own problems. In Skinner Hall the men students make and enforce rules for the maintenance of order in the building. The women students in Crutchfield Hall have no definite organization, but it is well understood that any act which disturbs the dormitory life and which hurts the good name of the group will not be tolerated.

## OFFICERS FOR STUDENT COUNCIL FOR 1930-1931

### FIRST SEMESTER:

Carl Drumeller, '31, President; Howard Baker, '32; J. F. Medley, '31; J. A. Thompson, '31; Jack Bradshaw, '32.

### SECOND SEMESTER:

J. E. Simpson, '32, President; Julius Davidson, '32; James Howell, '31; Barnes Bland, '32; Gordon Justus, '32.

The various athletic, social, literary and religious organizations of the College are described later. Each has its own function and looks after its business, consulting frequently with the College authorities and acting always subject to their veto.

## COLLEGE COUNCIL

The co-ordination of the activities of the various college groups is in the hands of the College Council, in which every official organization including the faculty is represented. Any new question unanswered by precedent or faculty ruling can be brought to the Council. If its solution involves a considerable number of the college people, the Council decides whether or not to put the question for discussion before the organizations represented. The College Council eliminates friction and facilitates co-operation among the various college organizations. This stimulates the students to participate in planning for the development of the College, tends to give them practice in debating live topics, and

gives to college problems a careful study from every point of view.

College Council for 1930-1931:

Barnes Bland.....	President
Roy Burch .....	Vice-President
Margaret Zimmerman .....	Secretary

#### REPRESENTATIVES:

Mrs. Lee Pylant.....	Faculty
J. A. Howell, '30.....	Delphian Literary Society

Polly Davis, '31.....	Euterpean Literary Society
Ruth Kinsland, '32.....	Mnemosynean Literary Society
Everett Simpson, '32.....	Athletic Council
John Reagan, '31.....	Senior Class
Judy Davidson, '32.....	Junior Class
Mildred McCracken, '32.....	Debate Council
L. F. Strader, '31.....	Ministerial Band

### LITERARY SOCIETIES

The Delphian and Clisophic literary societies are the two historic student organizations of the College. Throughout North Carolina and in other parts of the world are men who count their work in one or the other of these societies as the most valuable education they have received anywhere. The Mnemosynean and Euterpean societies for young women are respectively sister organizations to the two men's societies. These societies together are largely responsible for the college work in reading, declamation, debate, and dramatics, including intercollegiate contests. Work in the societies is compulsory for the training they give is essential to success and is not otherwise provided for by the College. The societies have their own tastefully furnished rooms, which are equipped with platform, table, chairs, and library.

In 1931 a point system was instituted to keep within reasonable limits the amount of extra-curricular responsibility placed upon any one student. To avoid any injustice to a small society and to prevent the growth of any society to a point where it might become too large for efficiency, not more than sixty per cent of those eligible for membership in any literary society can join that society. This rule may be abrogated in unusual individual cases by a majority vote of the College Council, but its purpose is to keep the literary societies approximately equal in number of members.

## LITERARY SOCIETY OFFICERS—1930-1931

Mnemosynean Literary Society—First quarter: Winnie Maske, Pres.; Irene Bennett, Secretary and Treasurer. Second quarter: Kathryn Scroggs, Pres.; Mildred Becton, Secretary and Treasurer. Third quarter: Bernice Hutchins, Pres.; Irene Bennett, Vice-Pres.; Virginia Johnson, Secretary and Treasurer. Fourth quarter: Lucile Chase, Pres.; Margaret Michael, Vice-Pres.; Alice Edwards, Secretary and Treasurer.

Euterpean Literary Society—First quarter: Virginia Styles, Pres.; Pauline Davis, Vice-Pres.; Virginia Denton, Secretary and Treasurer. Second quarter: Mildred McCracken, Pres.; Edna McCracken, Vice-Pres.; Nivosie Mitchell, Secretary and Treasurer. Third quarter: Nivosie Mitchell, Pres.; Connie Lee Head, Vice-President; Margaret Yount, Secretary and Treasurer. Fourth quarter: Cora Mae Daniel, Pres.; Edna McCracken, Vice-Pres.; Elizabeth Lee, Secretary and Treasurer.

Cliosopic Literary Society—First quarter: Carl Drumeller, Pres.; Charles Morgan, Vice-Pres.; Kemp Tunis, Secretary; Grady Bartlett, Treasurer. Second quarter: Charles Morgan, Pres.; Dewey Hinson, Vice-Pres.; Harper Cox, Secretary; William Atwell, Treasurer. Third quarter: Dewey Hinson, Pres.; L. F. Strader, Vice-Pres.; Danny Gash, Secretary; Howard Garren, Treasurer. Fourth quarter: Howard Garren, Pres.; Robert Daniels, Vice-Pres.; Barnes Bland, Secretary; David McGowan, Treasurer.

Delphian Literary Society—First quarter: Joe Frank Medley, Pres.; A. J. Clemmer, Jr., Vice-Pres.; Roy A. Burch, Secretary. Second quarter: Jake Howell, Pres.; Woodrow Hartsell, Vice-Pres.; Hubert Justice, Secretary. Third quarter: Judy Davidson, Pres.; Roy Burch, Vice-Pres.; Frank Hoyle, Secretary. Fourth quarter: Fred McCollum, Pres.; Woodrow Hague, Vice-Pres.; Gordon Justus, Secretary.

## DEBATING

DEBATE COUNCIL—All intercollegiate and intersociety debates are under the immediate or delegated supervision of the Debate Council, in which the faculty and the four literary societies are represented.

DEBATES—A large part of the activities of the literary societies center in the various debates. Each program, in general, has a debate as a salient feature. In the spring, a proposition is announced one day to be debated within twelve hours by as many members of the Delphian or Cliosopic societies as care to participate. The Junior Debate at Commencement is one of the outstanding events of the college year. Intercollegiate debates are arranged from time to time, giving an opportunity to practice this noble art on the part of all students. The debating interests

of Weaver College have long been among her most cherished traditions. The debates of the past are among the most fertile topics of conversation in Alumni meetings, and many prominent lawyers, jurists, and preachers trace their success to the forensic contests in this institution.

The officers for the Debate Council for 1930-1931 consisted of the following: President, A. J. Clemmer, Jr.; Vice-President, Howard Garren; Secretary, Woodrow Hartsell; representatives of the Euterpean Literary Society, Miss Mildred McCracken and Miss Nivosie Mitchell; of the Mnemosynean Literary Society, Miss Leona Hardin and Miss Lillian Thompson; of the Cliosophic Literary Society, C. C. Drumeller, and Howard Garren; of the Delphian Literary Society, A. J. Clemmer, Jr. and Woodrow Hartsell; of the Faculty, President Trowbridge and Miss Smith.

The women intercollegiate debaters for 1930-1931 were Miss Cora Mae Daniel, '32, and Miss Nivosie Mitchell, '32, on the Affirmative, with Miss Leona Hardin, '32, and Miss Lillian Thompson, '32, on the Negative of the query, Resolved: That the states should adopt a law embodying the principle of old age pensions. These teams met teams from Buncombe County Junior College and from Mars Hill College, and lost in both contests.

The men who contested other junior colleges were J. A. Thompson, '31, and Woodrow Hartsell, '32, for the Affirmative and A. J. Clemmer, Jr., '31, with C. C. Drumeller, '31, on the Negative. The Negative won from Buncombe County College, and the Affirmative lost to Mars Hill. The Affirmative met a team from Tennessee Wesleyan College on tour and were defeated by them. The question debated by the men was, Resolved: That all nations should adopt a policy of free trade.

## RELIGIOUS ACTIVITIES

**EPWORTH LEAGUE**—All students in the boarding department are considered members of the Epworth League. No dues are required, but every student is expected to contribute some effort toward the accomplishment of the tasks and responsibilities undertaken by the organization. The Epworth League takes charge of the Vesper Service each Sunday afternoon, and assumes a general guardianship over all the religious interests of the college community. The social life of the campus is largely in the hands of the Social Committee of the League. The collection of missionary money and other philanthropic funds is often undertaken by various committees of the League, and, consequently the management of lyceum courses, the sale of tickets, candy, etc., is first offered to the Epworth League. At present, the mid-week prayer meeting for young women is directed by the Devotional Committee.

Epworth League Council for the College Year 1930-1931 contained the following members; President, Margaret Michael; Vice-president, James Clemmer, Jr.; Virginia Styles, Secretary; Charles Morgan, Superintendent first department; Alice Edwards, superintendent second department; Grady Bartlett, Superintendent third department; Mildred McCracken, Superintendent fourth department.

**MINISTERIAL BAND**—The licensed preachers in the faculty and in the student body, together with those who are preparing to preach or to do other definitely religious work are associated in a ministerial band. They hold weekly meetings, supply pulpits of neighboring charges when called on, and exert a pronounced influence for good upon the entire institution. They feel a particular responsibility for the evangelistic efforts of the College and the community and are always efficient when revival efforts are under consideration or in progress.

Officers of Ministerial Band of 1930-1931 are as follows: First semester: L. F. Strader, Pres; A. J. Clemmer, Vice-president; J. A. Thompson, secretary; Second Semester: J. K. Tunis, President; E. M. Hoyle, Vice-president; A. J. Clemmer, Secretary.

**Y. M. C. A.**—In 1924 the young men decided to effect a definite organization of their religious activities for men on the campus, and a college Young Men's Christian Association was instituted and affiliated with the state and national headquarters. The Thursday evening prayer meeting in Skinner Hall is provided for by this group of men, and they stand ready to undertake other responsibilities coming in their province.

The Y. M. C. A. officers for 1930-1931 were: A. J. Clemmer, Jr., President; Grady Bartlett, Vice-president; L. F. Strader, Chairman Ways and Means Committee; Howard Baker, Clarence Bridgers, assistants to Chairman Ways and Means Committee.

**THE SUNDAY SCHOOL** is managed by student officers elected by the Epworth League Cabinet. Each set of officers serves for a term of one quarter, and thus four sets of earnest young people are trained each year for Sunday School efficiency. This experience, in combination with the theoretical work of the Religious Education courses, enables a young Christian to undertake religious work at home with some degree of confidence.

The Sunday School officers for 1930-1931 were as follows:

**FIRST QUARTER:** Supt. Jack Barden; Assistant Supt. Margaret Michael; Sec. and Treas. Virginia Denton.

**SECOND QUARTER:** Supt. William Atwell; Assistant Supt. Cora Mae Daniel; Sec. and Treas. Irene Bennett.

**THIRD QUARTER:** Supt. Irene Bennett; Assistant Supt. Howard Garren; Sec. and Treas. Edna McCracken.

FOURTH QUARTER: Supt. Frank Hoyle; Assistant Supt. Kemp Tunis; Sec. and Treas. Lillian Thompson.

**LIFE SERVICE BAND**—A considerable number of students and teachers in Weaver College are looking forward to lives of Christian usefulness and desire to associate themselves together with others who have similar religious ambitions. They have, therefore, organized the Life Service Band, and admit to its membership all who consider their lives consecrated to God's service, whether they have or have not felt a definite call to some vocation within the church. They accomplish much good in holding Christian young people up to their religious standards and in encouraging steady growth in spiritual living.

**FELLOWSHIP GROUP**—A number of students and faculty members who practice the quiet time and Bible reading each day began in the spring of 1931 to meet every week to confer about the guidance they had received and to build each other up in their Christian lives. These meetings were very similar to the class meetings of the early Methodists and were the greatest help to all who attended them. The movement was very informal and no organization was affected, but John A. Reagan, Jr., '31, and Howard Garren, '32, were looked to for leadership. In addition to the weekly meetings on the campus, the group held meetings in the Weaverville churches and elsewhere, to share the good they were getting from these purposed communications from God and from fellow Christians. No more tonic spirit has appeared in the College, for it strengthened the idealism of those who attended the meetings and of those who did not.

## PUBLICATIONS

The students compose, edit, and manage *The Mountaineer*, issued annually. This gives opportunity for development of native talent in writing, drawing, interviewing, making business contracts, soliciting advertising, and the many other fields pertaining to the publishing business.

The officers for the *Mountaineer* 1930-1931 are as follows: Grady W. Bartlett, Editor-in-chief; Charles W. Morgan, Business Manager; Howard Garren, Associate Editor; Virginia Styles, Social Editor; Bernice Hutchins, Art Editor; Winnie Maske, Photograph Editor; Miss Lucile Smith, Faculty Advisor.

*The Weaver Bulletin*, published quarterly, is edited by the president of the College and devoted to alumni notes and items of general interest to the friends and alumni of the College. *The Bulletin* was founded in 1923. *The Mountaineer* was revived in 1923-1924, but its first appearance was in 1920.

## ATHLETICS

**ATHLETIC IDEAL**—The athletic ideal is not so much the putting out of winning teams as it is the increase of health and physical strength in each student with all the mental and spiritual qualities essential to athletics. Each student is therefore, required to take a certain amount of physical culture each week, preferably in some organized sport, though the need of the individual will be carefully considered in the assignment of physical exercises.

**ATHLETIC COUNCIL**—The Faculty, The Alumni Association, and the students are represented in the Athletic Council, which manages all major and minor sports subject to the veto of the President of the College.

**MAJOR AND MINOR SPORTS**—Regular college teams are drilled for football and baseball, under experienced coaches selected by the Athletic Council subject to confirmation by the Board of Trustees. When the gymnasium is in use, basketball will be added. Track and tennis teams are developed as interest and opportunity permit. Boating and swimming are possible at Lake Louise when proper equipment and supervision are available, but permission to use the lake must be obtained from the President.

**Football Lettermen 1930:** Judy Davidson, Bob Leonard, Capt., Johnnie Jackson, Porter Roberts, Hugh Pickens, George Flintom, J. E. Simpson, Hubert Justice, Frank Henry, Harry Clayton, Fred Lyda, Bill Atwell, Bob Cunningham, Jake Howell, Bob Brown, Jack Barden, Ed Whitaker.

**Baseball Lettermen 1931:** Hubert Justice, Hugh Pickens Capt., George Flintom, Fred English, Joe Frank Medley, Otto McDevitt, Harry Burgin, Judy Davidson, Fred Lyda, Johnnie Jackson, J. E. Simpson, Roy Burch, and Robert Daniel.

## DRAMATICS

A few good plays are prepared and presented by students each year, and a considerable amount of time is devoted to dramatics. A certain amount of credit is allowed for "official" plays, under the head of Public Speaking. Each pair of societies plans to present one play in the fall or early winter, and the Senior Class works up one play in the spring, using students with some stage experience. Occasionally one or more of these productions is presented off the campus.

## ELIGIBILITY

1. Only bona fide students may represent the College in any intercollegiate contest. Bona fide students are those who have been properly admitted to classes and who are carrying success-

fully at least nine hours of class work and are meeting other requirements of the College.

2. No person who receives or has received any compensation from the College for services rendered as an instructor in athletics or other branches shall be eligible for participation in intercollegiate contests. This does not apply to bona-fide students who are working their way wholly or in part.

3. The College shall not give financial help or assistance to any student on account of his participation in intercollegiate athletics.

4. All conference regulations shall be binding for conference contests.

5. Officers and public representatives of student organizations must be members in good standing of the respective organizations and bona fide students in Weaver College.

## DORMITORY LIFE

**DORMITORY ACCOMMODATIONS**—The space in the college dormitories is limited and it frequently becomes necessary for students to room off the campus. If students live with relatives or friends, the College must know where they are and must have on file certificates to show that both the parents and the College approve the boarding house.

The College has arrangements with certain homes near the campus by which students who live there are under the control of the College in very much the same way that it supervises those in its own dormitories. The College is represented by some one in these homes who has charge of those who room there. This representative will correct disorder directly, or turn the matter over to the Faculty if necessary to secure good conduct and good study. Men and women students are not permitted to live in the same dormitory, unless by special action of the Faculty.

**ABSENCES FROM COLLEGE**—The students in the dormitories are governed by the regulations usually maintained in similar colleges. They are not expected to leave the village or receive visitors except with the consent of the College, with the permission tacit or expressed of the parents or guardians. If parents leave this matter to the discretion of the faculty, permissions are granted liberally to students whose conduct shows sufficient maturity and good judgment. The regulations as to leaving Weaverville will, at the discretion of the faculty, vary with the wishes of the parents and the conduct of the student, thus encouraging thoughtful young people and giving the needed supervision to careless ones. Students participating in intercollegiate contests

are not permitted to miss more than six recitations in any course in a semester on account of such contests.

**DORMITORY REGULATIONS**—All dormitories must be kept quiet during study hours and all students must be in their rooms, with the light extinguished, after the light bell unless they have permission from the Dean to the contrary. The particular form of other dormitory regulations varies with the demands of the situation and is largely influenced by the wish of the students involved. Experience shows that the great majority of Weaver College students want a good opportunity for study, and the details of the regulation can profitably be left in their hands. All rooms will be inspected and must be kept in good order. The respective Deans have full authority in the dormitories except in specified responsibilities turned over to student committees.

**SOCIAL CALLS AND FUNCTIONS**—Young ladies in the dormitories receive visitors with the permission of their Dean. Occasional receptions are held on the campus under the auspices of the Epworth League or some other student organization. Every effort is made to give the students the social life under which a normal American should develop, remembering the peculiar situation of students away from home.

**SPECIAL PERMISSION**—If parents or guardians wish the pupils for whom they are responsible to leave Weaverville for any reason, they should communicate directly with the Dean in regard to the time for departure and return. Other matters of supervision such as assignment and care of rooms, dress, conduct, etc., are handled at the direction of the respective Deans. If some request for particular treatment is received from the parent or guardian, it should come in writing at least one week before action is taken, that the College may indicate just how far it can comply with the wishes of the parents.

**WHAT TO BRING**—The bedrooms are equipped with beds, mattresses, and straight chairs. It is therefore necessary that students and teachers provide six table napkins, pillows, at least three sheets, three pillow cases, heavy bedding, towels, soap, and such room decorations as they use. Each student should have rubbers, umbrella, and a rain coat in addition to a heavy coat for cold weather. The young ladies bring bedding for double beds, but the men's dormitory is furnished with single beds.

**NEW STUDENTS**—All relations of students to other students is based on the American idea of "No government without the consent of the governed." Students enroll expecting to be governed by the Faculty or their appointees. Occasionally some student acts as foreman or supervisor, at the appointment of the Faculty and he is thereby entitled to respect and obedience in so far as his

specified authority extends. When a group of students meet and enact rules or regulations governing their conduct, they are individually responsible for the observance of those rules and for obedience and respect to officers elected to enforce them. When a student voluntarily or in compliance with a college regulation joins any student group or organization, it is his duty to comply with the regulation of that group or organization. Preparation for life requires that he learn to live up to his agreements.

But no student or group of students has any right to make or to enforce any regulations upon another student without his consent or his having an opportunity to vote on the regulations. This applies particularly to any physical treatment of the person of the new student, but includes also requirement as to dress, conduct, etc. This is clearly understood by the old students, as they have been largely instrumental in building up this tradition of Weaver College and have themselves entered on this basis. They return to Weaver College with the understanding that they extend to new students the consideration they have themselves received.

This custom permits all sports conducive to the development of manhood, but gives the new men the power to determine the conditions under which they shall live while in Weaver College. The discussions preceding such votes are often tests of mental ability and invaluable opportunities for self-development.

The spirit of the old students is to incorporate the new pupils into the college family as perfectly as possible, passing on to them the best traditions of the College without forgetting the fundamental principles of Americanism.

# HABIT TRAINING

## CO-OPERATION

COLLEGE TRAINING is exceedingly imperfect if it contributes to its students facts only or even facts with some mental training. It cannot ignore the great value of habit.

ATHLETICS holds a position of the greatest influence for good or for evil. If it can be used to focus the unconquerable power of the students on some one aim and can teach every member of the college to contribute his part to that common goal, it has in it a spiritual value of the highest order. Training in the habit of co-operation and sacrifice to further the common interest tend to develop that habit of thought and action which is one of the fundamental elements in all citizenship. If on the other hand athletics becomes commercialized, it is the foulest sort of a danger spot. If it becomes too prominent in the thought of the institution, it undermines the very seriousness and earnestness which the college life should produce. Weaver College recognizes both possibilities and strives to get all the good from athletics without any of the dross.

ATTENDANCE AT COLLEGE ASSIGNMENTS—The habit of regular attendance upon assigned tasks is one of the elements in character which the college can help to establish in the developing youth. Weaver College, therefore, insists that every student must be present at every college assignment or take certain consequences. In case of absence the student should report within two days the cause of the absence to the Dean. If the Dean considers the reason a good one, he writes an excuse for the absence. The student is then permitted to make up the work missed by accomplishing some extra assignment from the teacher. If the omitted work is not made up, the semester grade is lowered *two per cent* for each college class exercise missed. Unexcused absences cannot be made up and each counts heavily from the semester grade. Tardiness counts as a fractional part of absence.

Absences just before or just after any vacation count twice as much as similar absences at any other time. Any student who has three unexcused absences in any quarter shall, at the option of the instructor, be given some special assignment. Any student who has five unexcused absences in any semester shall be debarred from receiving credit for that semester's work in that course. No more than a passing grade can be secured by any make-up examination. A charge of fifty cents must be paid for making up recitations or examinations unless otherwise arranged with the Dean. Meetings of a class before a student begins meeting that class are counted as absences, governed by regulations stated above.

## REVERENCE

As a Methodist school, patronized and financed largely by religious people, Weaver College gladly recognizes the value of religious training as a factor in education. It believes that any work, intellectual or moral, can be handled more successfully in combination with religious experiences than under any other influence. It strives, therefore, quietly but definitely to develop in all its students a reverence for all religious aspirations and a desire on the part of each student to secure the help that comes from the consciousness of personal acceptance of the Divine. To this end chapel exercises are held five times a week and attendance at this exercise is required. Attendance at Sunday School and at the morning church service each Sunday is also required. Once or twice during the year an evangelist is brought to the campus as a guest of the College to hold a meeting which usually lasts only a few days. Attendance on these meetings is also a part of the College assignment. The Epworth League holds Vesper services every Sunday afternoon during the college year. The Young Men's Christian Association conducts a mid-week prayer meeting in the men's dormitory, and a similar meeting is held in Crutchfield Hall. Family prayers are conducted daily in the dining room. A standard Sunday School Training School is usually conducted in the College each winter. Personal work is in progress a great deal of the time and there is a constant influence directed against all unchristian acts. The attitude of the teachers and the majority of the students makes the campus a stimulating place for the development of moral and spiritual fiber.

## BUSINESS TRAINING

In addition to the habits of co-operation and citizenship which can be gained through athletics; the promptness and reliability acquired by regularity at class and chapel roll call; and the habit of reverence gained through the religious interests, Weaver College considers that business accuracy and dependability is another habit essential in character training. It therefore lays down certain reasonable regulations in regard to the payments of fees, and strives to cultivate this habit as it does others by connecting satisfaction with obedience to rules and some displeasure and annoyance with disregard for them.

**ADVANCE PAYMENTS.**—The rates of Weaver College are as low as possible for the accomplishment of the business it sets out to do for its students. These rates are not padded with a per cent for loss on bad accounts which is certain with a credit system, and the rates are therefore payable quarterly in advance

unless special arrangement is made for another system more convenient for the patron. A two per cent discount is allowed where fees are paid in advance for the quarter. If a student leaves in good standing for some reason acceptable to his parents and to the college, these fees paid in advance for the half-quarter succeeding the one in which he leaves will be refunded but no refund is made for the current half-quarter. It has been found that this much margin is essential to stability where no profit margin is provided.

Where patrons cannot conveniently pay for as much as one fourth of the school year at a time, advance payments for one-half quarter without discount are acceptable, but this is the smallest unit by which fees are paid.

Students will not be classified nor assigned any space in the dormitories or dining room until fees have been paid or satisfactory arrangements made. In order to secure the full benefit of the business training offered here, it is advisable that patrons make the students responsible to a large extent for handling their money. Students should carefully examine all bills before paying them or sending them home for payments. They should either pay by check or be sure to get a receipt from the proper official for every penny paid in. Since the college store sells for cash only, they should have accessible enough money for their books, school supplies and incidental expenses and for emergency calls such as sudden calls home or unexpected illness. This money can be deposited in the local bank or can be taken care of by the College. Each student should be careful not to go into debt unnecessarily and should be particularly scrupulous never to leave an unsecured debt in the town. Under no circumstances will the college advance money to students.

It is firmly believed that patrons who will co-operate cordially with the college in its efforts to inculcate habits of fraternal cooperation, of regularity and promptness in meeting obligations, and of reverence for holy things, will find more real value from this extra-curricular training than from all the class work put together.

## RATES

On the basis of payments in advance for all that the students receive, Weaver College, is able to offer surprisingly low rates, considering the material, intellectual, and moral advantages which these rates only partly pay for.

## EXPENSES FOR EACH SEMESTER

Matriculation Fee, payable by all students in any department -----	\$5.00
Student Activity Fee, including Athletic and Literary Society dues, payable by all "bona fide" and boarding students	7.50
Library Fee, payable by all literary and boarding students	2.00

## EXPENSES FOR EACH QUARTER

Literary Tuition -----	\$15.00
Table Board -----	34.00
Room, Heat, and Light, Steam-heated Dormitories-----	12.50
Room, Heat, and Light, Stove-heated Cottages on Campus when larger dormitories are full-----	7.50
Room, Heat, and Light, authorized Stove-heated Cottage off Campus when dormitories are full-----	12.38
Property Damage Deposit, payable by all boarding students	1.00

## EXTRAS FOR EACH QUARTER

Music Tuition -----	11.25
Theory, Harmony, History of Music, and Appreciation classes of five or more-----	6.00
Public School Music, depending on number in class \$2.50 to	\$7.50
Home Economics Tuition, for each 3 semester hour course	9.00
Shorthand Tuition -----	9.00
Typewriting Tuition, including use of typewriter-----	6.75
Bookkeeping Tuition for each half unit undertaken-----	11.25
Business English, Business Arithmetic and Commercial Law classes, each -----	3.38
Full Commercial Course -----	22.50
Piano Practice Fee, 2 hours per day-----	2.50
Science or Domestic Laboratory Fee for each weekly double laboratory period -----	2.00
Laboratory Breakage Deposit, Chemistry students-----	1.00

## MISCELLANEOUS

Separate Meal to Guests, charged to student visited-----	.25
Transcripts of credits, after first two-----	1.00
Graduation Fee, including diploma-----	6.00
Board during summer and Christmas vacations at Summer School rates.	

The conduct of students in residence during holidays must be satisfactory to the College authorities. Guests of the College or of students are accepted only with the understanding that their

action shall not embarrass the administration of the dormitory in which they reside.

Damage and Breakage Deposits are adjusted at the end of each quarter, excess over damage being credited on the next quarter's deposit and the final excess being refunded at Commencement.

The minimum fees for a boarding student taking no "extras" and paying full fees in cash will thus amount to \$276.00 for the nine months or to \$270.50 if advantage is taken of the discount for advance payments. The \$270.50 is payable \$75.48 on Registration Day, September 10, 1931; \$60.27 on November 12, 1931; \$74.48 on January 28, 1932; and \$60.27 on April 1, 1932. Fees for the "extras" are also due on the same dates and are subject to the same percentage discount. Read paragraphs below entitled "Ministerial Students," "Self-help," and "Trustees' Scholarships."

Matriculation Fees are payable when dormitory space is definitely reserved. Student Activity and Library Fees are payable on entrance or at the beginning of the semester, and cannot be divided. Since rates are based on a cash-in-advance system, carelessness in making prompt payments cannot be tolerated beyond a very few irregularities. If statements repeatedly fail to bring payments, tuition and boarding privileges may be discontinued at the discretion of the Bursar. No student shall take his or her baggage away from the dormitory or take any semester examination until his account is settled in full, except with the specific consent of the President. Credit for class work is not awarded until the fees for that unit of the College year have been settled in full. Students wishing their bills and reports sent to parents or guardian should so notify the Secretary, but this does not relieve the student from penalties resulting from delay in payment.

## MINISTERIAL STUDENTS

No tuition charge is made to itinerant preachers or their children. Young men preparing for the ministry are allowed to make notes for their tuition with the understanding that these notes will be cancelled when they begin their active ministry. This proposition is offered only to those whose lives indicate Christian principles. Those who use tobacco or indulge in other habits unbecoming to the ministerial profession cannot expect this help. Blanks are available for ministerial students who wish to apply for this deduction in fees.

## SELF-HELP

A limited amount of work is available for students who wish to reduce their college fees below catalogue rates. As a rule the

greater part of this work is promised before Commencement for the next college year to those who have already proved their earnestness by at least a semester's residence at Weaver College.

Some tasks, however, are available for new students who demonstrate their ambition by success with their studies, by good conduct, and by satisfactory performance of the work assigned them. All promises of work are contingent upon success in these three respects. Satisfactory performance of work involves promptness, accuracy, and persistence in staying with a job until its completion.

## TRUSTEES' SCHOLARSHIPS

The Board of Trustees offers scholarships, known as Trustees' Scholarships. They reduce the fees of needy and worthy self-help students twenty-five dollars a year each and thus bring the cost of Weaver College education within limits which practically every one can reach. While no student can expect to get through his first year in college without some appreciable money outlay, a number who will work and save or whose home friends have financial confidence in them can find scholarship, labor, or loan assistance to enable them to complete a year's work if it is going successfully.

Trustees' Scholarships are available only for students as specified above. They are, therefore, promised only conditionally to new students, dependent upon their satisfactory relation to their studies, their conduct, and their self-help assignments. Preference is given to those who are most economical in their expenditures, other things being equal.

## SUMMER SCHOOL

Instruction in junior college and high school subjects is offered from July 21 to August 28, 1931. Both review and new courses are available.

Those who wish to study in this wonderful climate during July and August should write for special Summer School folder.

Room and board are also available for guests who wish to rest without study. The rates are surprisingly low.

## GENERAL REGULATIONS

1. No students under sixteen years of age are admitted.
2. No student will be admitted to classes, athletics, or other privileges of the college without paying all fees required on entrance, and being classified by the Dean or President. A student is considered as a member of a class until his discontinuance has been sanctioned by the teacher and the Dean. A fee of fifty cents will be charged for changes in course of study later than two weeks after the beginning of any study.
3. No College student shall carry more than nineteen semester hours at a time.
4. Students must, when possible, present certificates of honorable dismissal and credits from former schools.
5. It is very important that students enter the first day.
6. Assignment of room is tentatively made in consideration of the date of application and of previous record in the college. Changes in assignments can be made at any time by the proper college authority. Except by special arrangements only bona fide students who board in the dining hall can be accommodated in the dormitories during the college year. Students who do not live in their homes are required to room and board on the campus.
7. Extra charges will be made for meals served in rooms.
8. All trips off the campus and the reception of visitors must be with the consent of the college on permission from parent or guardian. If parents leave the matter to the discretion of the Faculty, general and special permission will be granted liberally so long as the conduct of the student shows sufficient maturity and good judgment. Certain serious violations of Regulation Eight automatically suspend or expel a student.
9. All requests from parents should be written or properly confirmed. Notice of requests must be given sufficiently in advance to assure time for correspondence, if deemed necessary.
10. Every student is expected to be present at every task assigned him. There is no more demoralizing habit for a student than that of irregularity in work, and for this reason every legitimate means will be used to avoid the formation of such a habit.
11. The President or his representative must be consulted about social entertainments, periodicals, or public performances of any kind, and he reserves the right to veto any plan which is not, in his judgment, for the good of the college or of any individual.

12. Any act contrary to the rules of the Methodist Church or to the laws of the land is prohibited by the college without further notice. This includes especially card playing, dancing, profanity, gambling, hazing, using or dealing in liquor, immorality, dishonesty, and use of 'deadly weapons'.

This regulation applies to students on trips for contests and at all other times when the College is responsible for them.

13. Damage to college or personal property shall be paid for by those involved in its destruction. When it is impossible to discover the party or parties doing the damage, the cost shall be divided equally among the occupants of the room, or the building.

14. The accounts of all student organizations are subject to audit by the Bursar of the College. Any profits belong to the organization, and officers may not appropriate any funds to themselves except by vote of the organization.

15. Any student who withdraws at any time other than after Commencement can secure Honorable Dismissal only by giving notice to the Dean with written permission from guardian, if a minor, and leaving all financial obligations paid.

16. On Sunday mornings students attend the local church of the denomination to which they belong. If not members of any church, they attend the Methodist Episcopal Church, South, in Weaverville.

17. The Faculty may waive or modify or extend the General Regulations, but no extension shall be *ex post facto*.

## ADMISSION REQUIREMENTS

Weaver College offers three different methods of admission to the College department; but entrance to college classes does not necessarily mean admission to candidacy for a diploma. The requirements for graduation are described on pages 60-50 of this catalogue.

1. The presentation of a diploma from a high school accredited by some state Board of Public Instruction, some state university, or by some regional Association of Accredited Colleges and High Schools.

2. The passing of a general examination designed to determine whether or not the student has the general knowledge and the mental ability to assure success in the Freshman class.

3. Special students, twenty years of age or more, may be accepted upon evidence of knowledge and ability sufficient to do successfully the special college work they desire. Diplomas are not awarded to special students until high school and college requirements have been met, but certificates of work accomplished may be secured when any group of studies has been successfully completed.

## CLASSIFICATION OF STUDENTS

Entrance examinations will be given on Tuesday and Wednesday, September 8-9, 1931.

Admission to college must be by presentation of a diploma or other certificate of graduation from an accredited high school or by passing entrance examinations. One admitted on either basis is considered a Junior if he is successfully pursuing four courses or an aggregate of twelve recitations a week.

A Senior is one properly admitted to college who has completed thirty semester hours of college work and is carrying successfully five courses aggregating fifteen weekly recitations, or enough work to permit his graduation within one six-weeks session following the coming Commencement.

# COURSES OF STUDY

## SELECTION OF COURSES.

No hour in the college year is more important than when the choice of a course of study is made. It involves the solution of such problems as:

Shall I plan for four or only two years of college work?

If only two, what shall I be prepared to do after my Junior College graduation?

What course will fit me for that work?

If I go on to secure my degree, what college and what majors shall I select?

What Junior college electives fit best into the requirements of the chosen course in the chosen college?

The units offered for admission often influence the selection of the course in college, but many students work up pre-requisites in the summer or during the college year and undertake exactly the college work they feel best fitted to carry. The junior college is particularly adapted to the needs of these young people.

On entering the Freshman class, if one is unable to answer the above questions, either the Education Course or the Business Administration Course is advisable. Both prepare in some measure for life work, and both make possible the continuance of college training if it is desirable.

The Classical Course should usually be chosen by those who feel quite sure that they will eventually secure a college degree and the General Course by those who see no prospects of more than junior college training.

Weaver College offers four two-year courses of study:

I. CLASSICAL COURSE.—This course consists largely of language and mathematics and is intended to fit its students for entrance to the junior year of a four-year college or university with such credits as to make possible the securing of the A. B. degree in two years. The graduation requirements of the chosen university should be carefully studied before any Freshman studies are selected.

II. EDUCATION COURSE.—This involves Language, Education and Religious Education and is designed to fit its students for junior work in the department of Education or Religious Education in a four-year college or university. Those who finish this course are also reasonably well prepared to teach in public or church schools and to serve their day and generation as well informed citizens of the world.

III. BUSINESS ADMINISTRATION.—This course deals largely

with economics, business geography, and salesmanship and leads to junior work in Business Administration in the four-year colleges. It also serves quite well to fit for business life those who are not able to take a degree.

IV. GENERAL COURSE.—This is a course intended to fit intimately into the personal needs of each individual student, but is not intended to prepare one for a college degree. Approximately half of this course is made up of the back-bone of junior college work, while the other half is elective. Thus the man or woman who has definite plans for usefulness in home, church, or state can select just the work that is useful to him without too much dictation from the traditional course of study.

A unit of credit is based on 120 clock hours work. Science courses without laboratory count only one-half unit. Students wishing to receive a full unit's count on science work must present neatly kept laboratory note books or manuals. Not more than two vocational units are accepted for admission to the Classical Course.

## GRADUATION REQUIREMENTS

1. All high school as well as all college requirements must be satisfied before any diploma is secured.

2. Credit is never allowed for only one year of any language.

3. All electives are subject to the approval of the faculty.

4. In addition to the quantitative requirements already described for graduation, it is required that an average of at least 80% be made either in the senior year or in the two college years on all courses counted for diploma.

5. Diplomas certify to correct deportment as well as to intellectual attainments, and the College Attitude grade must therefore average at least II (80%) during the senior year.

6. Diplomas will not be granted to those who are known to have at the time obligations to the college or to others unless these obligations have been arranged for in some way satisfactory to the creditor.

## DESCRIPTION OF COURSES

A semester hour is the credit given for passing a subject pursued one hour a week through a semester. A class meeting three times a week for one semester will give three semester hours credit, or six semester hours for the two semesters in the college year. Laboratory work requires two hours of work a week for a semester to count as one semester hour credit.

Courses numbered with "f" or "s" are offered in the first or second semesters, respectively. All others extend through both semesters and credit is not given for either semester alone.

The letter "C" in the number of a course indicates that it is offered during the regular college year for college credit. Courses numbered "I" should usually be taken during the first year in college, and those whose course number contains "II" during the second year. "III" and "IV" indicates that the course is of rather technical or vocational nature and should be taken in the second year. The letter "P" without the "C" is used for courses especially designed for public school teachers. Courses below college rank are marked with the letter "H" without the "C".

### DEPARTMENT OF BUSINESS ADMINISTRATION

#### CI.—BUSINESS GEOGRAPHY (six semester hours)

All students who intend later to take up agriculture or go into business would do well to take this course. A study of the geography, natural resources, commerce, and production of different countries in the world is made, with special reference to the United States. Graphic and statistical charts showing the relative rank of the United States with other nations are made by the students at various times. A careful study of the map of the world is made, and students are required to fill in outline maps.

Text: Huntington and Williams, Revised Edition.

#### CII.—PRINCIPLES OF ECONOMICS (six semester hours).

A general survey of the principles of Economics. Industrial history and economic development, production, value and exchange, money and banking, public and private finance, international socialism, and the Federal Reserve System are considered in turn. Collateral reading required of all students in Business Administration.

#### CSIII.f.—SOCIOLOGY, an introductory course (three semester hours).

No attempt is made at completeness of treatment of any topic, but the fundamental influences affecting group life and action and the fundamental needs of mankind are outlined. Study of the family and such problems as the divorce evil, immigration, poverty, crime, the negro problem, and problems of our modern municipalities is made.

Lectures; much supplementary reading; class reports and notebook work.

Text: Beach, Introduction to Sociology.

CSIIIs.—RURAL SOCIOLOGY (three semester hours).

A study dealing with the major problems of rural living as they now exist with much thought toward their adjustment that rural people can live happier and more useful lives.

Class discussion; collateral reading; notebook.

Text: Rural Sociology: Taylor.

CIIs.—SALESMANSHIP AND MARKETING (three semester hours).

This course is intended to meet the need of those who expect to enter the salesmanship field or engage in any business that brings one in constant contact with the public. The qualifications of a good salesman; the psychology of selling; analysis of a sale—the approach, clinching the point, concluding the sale; the organization of a sales department; advertising; principles and methods of various markets. Practical problems in selling and marketing are given and an attempt made to solve them.

Textbook, lectures, collateral reading, and reports.

CIVf.—ACCOUNTANCY (three semester hours).

Elementary principles of accounting. Individual proprietorship. Partnership. Prerequisite or accompanying course, Bookkeeping B4f. Not offered 1931-1932 unless at least six qualified students apply.

CIVs.—ACCOUNTANCY (three semester hours).

Continuation of Course CIVf; studying particularly corporation accounting. Prerequisite, Course CIVf and Bookkeeping B4f. Not offered in 1931-1932 to less than six qualified students.

## DEPARTMENT OF EDUCATION

CIf.—CLASSROOM MANAGEMENT (three semester hours).

The pupil,—his nature, his needs, his play, his health; tests and measurements; methods of teaching; administration; supervision; class room management.

Text: Avent, Beginning Teaching, Part II, and supplementary reading.

CIIs.—METHODS OF TEACHING PRIMARY SUBJECTS (three semester hours).

Special methods in reading and language in primary grades.

Text: Language and Literature in the Primary Grades and Kindergarten Grades, by Troxell.

Not offered in 1931-1932.

CIIf.—CHILD STUDY (three semester hours).

A study of the fundamental principles of psychology followed by the

application of these principles to such pedagogical problems as heredity, phobias, motivation, periodicity, and delinquency.

Text book, lectures, class discussions, and much reading.

CIIs.—METHODS OF TEACHING GRAMMAR GRADE SUBJECTS (three semester hours).

Special Methods in reading and language for elementary grades.

Texts: Wohlfarth, Self Help Methods of Teaching English and Pennell and Cusach: How to Teach Reading.

CIII.—ARTS AND HEALTH (eight semester hours).

Public school music, physical education, hygiene and health education. See Music PI and PII; Physical Education PIII<sup>f</sup> and PIII<sup>s</sup>.

CIV.—TEACHERS' CERTIFICATE COURSE (four semester hours).

Completion of requirements for Grammar Grade or Primary Certificates, Class C, issued by the North Carolina Board of Education. Geography and nature study, children's literature. Tests in spelling and penmanship. See Science PIII and English PIII.

## DEPARTMENT OF RELIGIOUS EDUCATION

CI<sup>f</sup>.—THE OLD TESTAMENT FOUNDATION OF CHRISTIANITY (three semester hours).

A study of Old Testament history, poetry, and prophecy, with special reference to modern religious problems, including theories of evolution and inspiration and questions of applied religion. Readings, chiefly in the Bible. Recitations, lectures, references, notebooks.

Text: The American Revised Version of English Bible.

Guide to Study of English Bible.

CI<sup>s</sup>.—THE NEW TESTAMENT BEGINNING OF CHRISTIANITY (three semester hours).

A study of the personality of Jesus. Significance of miracles and parables of the Master. Social and devotional teachings of Christ. Life and epistles of Paul. Paul's part in the establishment of the church.

Textbook, lectures and discussions, library reading and reports.

CI<sup>if</sup>.—PSYCHOLOGY LABORATORY (one semester hour).

Simple laboratory experiments in sensation, perception, attention, motor processes, association, memory, imagery, affection.

Laboratory notebook; Library references.

CII<sup>s</sup>.—ADMINISTRATION OF RELIGIOUS EDUCATION (three semester hours).

Organization and administration of the Sunday School, young people's

societies, missionary and laymen's movements, week day and vacation Bible school. The church and society.

## ENGLISH DEPARTMENT

The aims of the English Department are two-fold: (1) to acquaint the student with the principles governing the correct speaking and writing of the English language; (2) to give training in literary interpretation and appreciation through an acquaintance with the masterpieces of English literature.

CIf.—COMPOSITION AND RHETORIC (three semester hours).

Weekly themes, stressing particularly punctuation, sentence structure, paragraph sense. Narration, description, exposition. Study of style from the masters. Supplementary reading. Study of a few authors as literature.

Text: Slater, Freshman Rhetoric, Century Handbook.

CIIs.—RHETORIC AND COMPOSITION (three semester hours).

Study of literature for appreciation, one hour. Weekly themes, one hour. Argumentation and College Journalism. Supplementary reading.

Text: Slater, Freshman Rhetoric, Century Handbook.

CII.—ENGLISH LITERATURE (six semester hours).

A general survey of Literature; parallel reading. Writing of one long paper connected with some department of the student's college work. Composition work once each week.

Text: Century Types of English Literature.

SI.—English Novel. The development and characteristics of the English novel, including the short story. A detailed study of selected novels and a wide reading of others. Thirty recitations, two semester hours' credit. Summer session only, first term.

SII.—Modern Drama. Representative plays, beginning with Ibsen. Varying points of view on the drama, illustrated in typical plays of different periods. Thirty recitations, two hours' credit. Summer session only, first term.

SIII.—Composition and Rhetoric. The mechanics of composition, the use of correct, clear, forceful expression, both oral and written; outlining, organization and writing of papers; letter-writing; self-criticism; the attainment of an effective personal style. Thirty recitations, two semester hours. Summer session only, first term.

PIII.—CHILDREN'S LITERATURE (two semester hours).

Preparation for teaching literature to grammar grade pupils; study of many pieces suitable for children; suggestions for making literature attractive to them.

Texts: Children's Literature, by Currie and Clippinger and A Handbook of Children's Literature, by Gardner and Ramsey.

## DEPARTMENT OF FOREIGN LANGUAGES FRENCH

FCA.—ELEMENTARY FRENCH (five recitations a week; six semester hours if followed by FCI).

Grammar, composition, conversation, reading.

Texts: The New Fraser and Squair Complete French grammar. Contes et Legendes (Guerber). Le Voyage de Monsieur Perrichon (Labiche et Martin).

FCI.—GRAMMAR, COMPOSITION, CONVERSATION, READING (six semester hours).

Advanced grammar, composition and conversation, and collateral reading of French texts.

Texts: Le Verre d' Eau (Scribe); Le Bourgeois Gentilhomme (Moliere); Rosalie and Le Chaffeur (Maurey); Racine's Andromaque; Le Barbier de Seville (Beaumarchais); Les Trois Mousquetaires (Dumas).

Prerequisite—French CA or two years of high school French.

FCII.—ADVANCED GRAMMAR, COMPOSITION, CONVERSATION, AND COLLATERAL READING (six semester hours).

Texts: Le Monde ou l'on S'ennui (Pialleron); Le Malade Imaginaire (Moliere); Sans Famille (Malot); Hugo's Hernani; Racine's Athalie.

Not offered in 1931-1932 unless six register for it.

## LATIN

LCI.—LIVY AND HORACE (six semester hours).

Exercises in sight translation and prose composition. Study of the history, life, and mythology of the Roman people. Attention will be given to the lives, times and works of the principal characters in their literature.

Text: Livy, two books; Horace, Odes and Epodes.

Prerequisite: four years of high school Latin.

Not offered in 1931-1932 unless six register for it.

LCII.—RAPID TRANSLATION (six semester hours).

Attention directed to an appreciation of the literary value of the author studied. Individual research encouraged. In all courses the history contributes largely to the best understanding of the authors read. Prerequisite—Marks of I or II in Latin CI.

Text: Cicero, selected letters. Pliny, selected letters; Plautus.

Not offered in 1931-1932 unless at least six qualified students register for it.

## SPANISH

## HISTORY DEPARTMENT

Cif.—HISTORY OF WESTERN EUROPE. (three semester hours).

This course deals with the background of Modern History from the time of the barbarian invasions to the Treaty of Utrecht. Beginning with a general survey of the sources of historical knowledge and the importance of the survey of history, a brief study is made of the conditions in Western Europe immediately preceding the barbarian invasions and is followed by a comprehensive study of such significant events and institutions as: the rise and growth of the papacy, feudalism, the Crusades, the medieval church, the rise of nationalities, the Renaissance and the Reformation. Special emphasis is placed on the part the church has played in the history of Western Europe since the earliest times.

Lectures: class discussions; collateral readings; maps.

Text: Robinson, "History of Western Europe."

Robinson, "Readings in European History." (Abridged).

CIs.—HISTORY OF WESTERN EUROPE, 1715-1930. (Three semester hours).

This is logically a continuation of the fall semester and is devoted to a study of Western Europe in modern times. Much emphasis is laid on developments in the nineteenth century, including: the development of European states, the Industrial Revolution, imperialistic tendencies of various European states. The World War is studied in detail and efforts for international peace are taken up for discussion.

Lectures; class reports; collateral readings; maps. A term paper is required of all students who take this course both semesters.

Text: Robinson, "History of Western Europe."

Robinson, "Readings in European History." (Abridged).

Atlas of Europe, recommended by the Department.

CII.—HISTORY OF THE AMERICAN PEOPLE (six semester hours).

Attention is given to the deeds of inventors, pioneers, captains of industry and labor as well as to the accomplishments of statesmen and

warriors. Those topics which bear upon our economic development are emphasized. Throughout the course emphasis on the "new" in history is made. This course is based largely on the theory that it is the common people who really make history.

Text, lectures, collateral reading, class reports, map studies, and a term paper.

Textbooks, Forman, "Our Republic" and a supplementary textbook recommended by the professor in charge.

## HOME ECONOMICS DEPARTMENT

CCIf.—INTRODUCTION TO THE STUDY OF CLOTHING (four semester hours).

CCIs.—INTRODUCTION TO STUDY OF CLOTHING (four semester hours).

Problems in silk and wool. Use of commercial patterns.

CCIIf.—PATTERN DRAFTING AND GARMENT CONSTRUCTION (four semester hours).

Fundamental principles of drafting and designing and their application to the making of patterns. Laboratory work involves the making of garments in wool and in silk from patterns made by the students.

Prerequisite, Course CCI or two years of high school study of clothing.

CCIIs.—CHILDREN'S CLOTHING (four semester hours).

Study of the clothing needs of the child with practice of principles developed in courses CCI and CCIIf.

FCI.—FOOD COMPOSITION AND PRINCIPLES OF COOKERY (eight semester hours).

An introductory course involving the fundamental principles of the selection and preparation of various types of foodstuffs and the elementary principles of dietetics.

FCII.—MEAL PREPARATION AND SERVICE (eight semester hours).

Application of the principles of cookery to the more complicated processes of food preparation. Meal service is used as a basis with consideration of cost, time in preparation, care of food materials, meal planning, and food combinations.

Prerequisite, Course FCI or two years of high school study of foods.

## MATHEMATICS DEPARTMENT

H.—SUB-FRESHMAN MATHEMATICS (no credit).

Designed particularly for pupils who have difficulty with college mathematics. The instruction is largely diagnostic and remedial, intended to

supplement the instruction in Mathematics CI for those who need sympathetic help. May be carried simultaneously with other courses in mathematics or used as preparation for college work in the future.

CIf.—SOLID GEOMETRY (three semester hours).

Lines and planes in space; dihedral angles; polyhedral angles; area and volume of polyhedrons, cylinders, cones, and spheres; numerous original exercises.

Not offered in 1931-1932 unless at least six register for it.

CIIs.—COLLEGE ALGEBRA (three semester hours).

Review of fundamental operations, factors, fractions, equations. Progressions, permutations and combinations, inequalities, logarithms, variation, infinite series, theory of investment.

CIIf.—PLANE AND SPHERICAL TRIGONOMETRY (three semester hours).

Definition of trigonometrical functions; derivation of formulae with their application; solution of plane triangles and spherical triangles, with many practical problems.

CIIs.—ANALYTIC GEOMETRY (three semester hours).

Loci and their equations; straight lines, circles, the parabola, the ellipse, the hyperbola, with many supplementary problems.

Not offered in 1931-1932 unless at least six qualified students register for it.

## PHYSICAL EDUCATION

CI.—PHYSICAL TRAINING. (Two semester hours).

Each boarding student is required to take some form of exercise and of health study until four semester hours credit have been obtained. The exercise will be in such form as the Faculty may direct, preferably in some organized play suited to the physical needs of the individual student. Instruction is also given in lecture form. One semester hour of credit each semester is given for four days a week of exercise or class work. Students who make the "Varsity" football or baseball squads and are regular in attendance are given credit for the semester.

CII.—PHYSICAL TRAINING. (Two semester hours).

Continuation of Physical Training CI.

PIII.—PHYSICAL EDUCATION FOR TEACHERS (two semester hours).

Playground supervision. Coaching. One recitation and two hours of exercise and practice each week for one semester. Textbook, recitations, plays and games.

Text: Bancroft: Plays for the Playground, Home, School, and Gymnasium.

Lectures; readings; notebooks; individual practice. Credit depends upon time devoted to the course.

SCII.—PUBLIC SPEAKING. (One to three semester hours).

Continuation of Public Speaking CI.

SCIII.—CHORUS CLASS. (Two semester hours).

Open only to those who have voices of acceptable tone quality. Two hours a week throughout the year.

#### SCIENCE DEPARTMENT

H.—SUB-FRESHMAN SCIENCE (no credit).

Organized for students who have difficulty in Chemistry I, due to insufficient high school preparation or to other causes. Pupils assigned to Science (H) while they are carrying also Chemistry I, receive additional instruction or coaching which often enables them to receive credit for Chemistry I. They are excused from Science (H) when they are able to carry Science I without further help. If, however, they still are not able to pass the Freshman course, it can be dropped and Science (H) continued without credit as a preparation for credit in Science the following year.

CI.—GENERAL CHEMISTRY (Eight semester hours).

Illustrated lectures, recitations, and laboratory work on the elementary principles of chemistry, and on the occurrence, preparation, properties, and uses of elements and their compounds. Stress will be laid upon chemistry reactions and equations. This course will include an introduction to qualitative analysis. It is desirable, though not required, that students taking this course shall have taken elementary physics either in high school or college. This course runs through the year, three recitations and four hours of laboratory work per week.

Text: Smith's Introductory College Chemistry, Kendall, and accompanying laboratory manual.

PIII.—GEOGRAPHY AND NATURE STUDY (two semester hours).

A course for prospective teachers supplying facts which will make nature attractive about trees, birds, flowers, and insects.

Textbooks, excursions, museum study and construction, library reading.  
Texts: Huntington and Cushing. Principles of Human Geography:  
Holtz, Nature Study.

## EXTENSION WORK

EXTENSION CV.—Individual work involving some research under the direction of the heads of the various departments. Reports are made to the College Seminar, to which papers are also contributed by members of the Faculty. Credit for students' extension work is awarded by the directing department under the catalogue number CV.

## MUSIC

It is the purpose of the School of Music to provide a general musical education as well as the specializing training necessary for those who contemplate making music a vocation. Courses are provided meeting the requirements of both professional and cultural training. These courses afford a logical development of musical knowledge by means of technical, scientific, and interpretative training in various phases of music, with Pianoforte, Voice, and Theory and Violin as major subjects. They are accompanied by lectures, recitals, and parallel reading to stimulate imagination and broaden the musical viewpoint.

Correlated with music are such academic subjects as will give breadth and intellectual solidity to the musical development. Underlying all the work of the Department is the purpose to develop musical thinkers rather than showy, superficial performers. The generally accepted truth that music is a vital part of life is the foundation on which all the work of the Department is based.

Those who are so endowed as to make it advisable will be as highly trained in technical facility and interpretation as is possible so that they will be prepared to continue their studies in music centers under the most highly specialized conditions, and be able to impress their real artistic and technical proficiency upon those who hear them. Hence students who finish the courses offered will be ready to enter upon an active musical career or further to carry on their study at any music school in the country with credit to themselves and to Weaver College.

For those whose endowments are not such as to warrant this extended training, courses in the Theory of Music, Music Appreciation, Musical History and collateral subjects are offered. These courses, if faithfully carried on, will enable our graduates to listen appreciatively to concerts and to music in the church and home, and also to express themselves musically with good under-

standing, supported by excellent musical taste. The message of music as an integral part of a full educational equipment will be taught.

The conditions under which work in music is carried on at Weaver College greatly assist in the accomplishment of the purposes described in previous paragraphs. Music needs the college atmosphere, the spirit of culture and well-directed effort, and the application of the methods of orderliness and system which characterize college work. These, while not checking in the least its artistic attributes, bring to it a system in classification and a thoroughness and accuracy in the co-ordination of all phases of music education that cannot fail to result in the highest accomplishment. The earnest endeavor which characterizes Weaver College, the many influential graduates produced during its long period of activity, the enthusiasm of those responsible for its policies, and the high ideals which stimulate it, combine to give character and educational power to the work of both instructors and students.

#### THEORY

ECI.—EAR TRAINING. In classes of five or more.

## GLEE CLUBS

The Music Department maintains two Glee Clubs, one for boys and one for girls. Membership in these organizations is open to the entire student body. Candidates must possess voices of acceptable tone-quality. There will be "try outs" for membership at the beginning of the fall term.

Two periods a week throughout the year. Two semester hours credit.

## COMMERCIAL DEPARTMENT

It is almost necessary in these days that every one have some conception of fundamental business principles. This does not necessarily mean the ability to keep books or to take dictation, though that training is here made available for those who do wish to use their skill and knowledge as a means of making a living or working their way through college. But some acquaintance with a

typewriter and some knowledge of simple bookkeeping are very valuable in present day life.

There are three distinct advantages in taking bookkeeping and stenography in Weaver College. First, the commercial students have the benefit of college associations and college atmosphere. They live in the same dormitories, belong to the same student organizations, and hear the same addresses. Second, the charges are based wholly upon the time spent on the course and cease when the assigned work is completed. This encourages hard work to reduce the cost of the training and to hasten the time when expenditure can be changed to income. The third and most important advantage is that the advanced students are all given experience with actual correspondence or bookkeeping in the College office as a part of their course of study. As the work of each one becomes efficient, the College pays for it, and the commercial graduates go out from Weaver College recommended for business experience as well as for classroom training. Those who have tried to find jobs before they had experience, recognize the great value of this feature of college training.

—FULL COMMERCIAL COURSE.— Five units.

A full commercial course consists of the following subjects: Bookkeeping, Shorthand, Typewriting, Business English, Business Arithmetic, Commercial Law, Secretary's Duties.

STENOGRAPHIC COURSE.—Three and one-half units.
